

Supplemental Information regarding products included as designated products under Yukon’s Designated Materials Regulation

This document provides examples of designated electronic and electrical products for producers.

The products listed below are examples of designated materials and are not intended to be an exhaustive list. **This document will be updated from time to time as necessary.**

Please note:

- The Yukon *Designated Materials Regulation* includes Industrial, Commercial and Institutional (ICI) products.
- **Bundled items:** If a bundle of complementary products is manufactured by a single Original Equipment Manufacturer and sold in a single box (with single SKU), the surcharge applicable will be equivalent to that of the item carrying the highest individual surcharge.

If you have questions or require further clarification, please contact Environment Yukon at envprot@gov.yk.ca.
